GRANTS TO INDIVIDUALS AND ORGANIZATIONS

The Municipality of Clare recognizes the important and valuable contribution of individuals, groups and organizations to the recreational, cultural and tourism climate of our community and, as a matter of policy, will, upon request, consider providing financial and other assistance to enable them to promote their objectives.

Council will, as a matter of policy, restrict grants to individuals, groups and organizations who are providing a service to the residents of the Municipality of Clare. Grants will not be provided to competing groups or to duplicate a particular service. Council will consider grants to provincial and national organizations and fundraising activities of those groups/organizations only after grants to local groups have been considered.

Council will not consider a grant to any individual, group or organization unless and until all the information requested and required in the grant application attached has been received and, where necessary, verified.

Council may reduce its grant to any organization that has an operating or accumulated surplus of funds.

In cases where financial assistance is being provided to an individual, such assistance will be based entirely upon the financial need of the individual and in most circumstances will not exceed 25% of the anticipated cost of the venture and/or project.

All recreational grant requests will be considered separately under the Municipality's **Recreation Services** (Community Recreation Assistance Program).

Note: In accordance with the Municipal Government Act, the total of all grants approved shall not exceed one percent (1%) of the taxes collected by a municipality in the fiscal year.
