

Feb 1, 2019

I am a senior citizen who at 81 finds walking outdoors to be a daily and healthy form of exercise.

I want to thank the Municipality for allowing us to walk between 7-9 PM at the High School during the winter months. This winter has been hard for walking outdoors. Thanks to the above policy I have been able to take a 30 minute walk every morning or evening.

Un grand Merci
Jack J. Conesa Murphy, Meteghan Centre

With a world
of thanks.
