

My name is Kathleen Boudreau, and I'm Team Chair for the Clare Relay for Life. I have been part of the committee for the past 5 Relays and it's a cause that is very near and dear to my heart. I am currently a breast cancer survivor and will be celebrating 5 yrs cancer free this June!

My goal every year is to try to have as much teams and participants as I can recruit, I must say, it surly is a big job, although, I really enjoy what I do and If I can only recruit only one participant, or one team more than last year, well, the way I see it, it's a bigger number than last year that participate in the Relay.

The Clare Relay for Life, we stride to make all Survivors, all family members, caretakers, the ones who have fought, are fighting, and will fight a remarkable day to remember.

June 9th will be the Relay from 6pm to midnight at ESD. It's a fun and exciting evening with lots and lots of entertainment, games, food and challenges between teams, and of course...tears and laughter and also, lots of walking!!

I hope I have peeked your interest in having a Municipality of Clare Team, which can be made of absolutely anyone, board members, family or friends.

I am prepared to meet with you or anyone you would assign as the Capt of the team, I can fill you in on what is needed to know in regards to the Relay and answer any questions or concerns you may have.

Thank You for your time and please do not hesitate to contact me at any time.

Kathleen Boudreau

Team Chair
